Adaptable Notes is your seo friendly & responsive theme made for blogging. The code is clean so your website will be quick and load fast with great page speed. The theme is simple to setup but has a lot of features for both affiliate marketing, i.e. lots of advertisement space for affiliate programs such as Google AdSense - of course this kind of website requires a SEO optimized, creative & modern theme which Adaptable Notes is. Authors & bloggers can easily create a simple and minimalistic blog. The theme is easy to set up and works with most most schema markups (json etc) so you can have reviews or other type of affiliate content. You can publish editorial content about anything, even revenue generating content such as cryptocurrency, forex, betting, gambling and more.
