

Baskerville

<https://wpdemo.net/demos/themes/baskerville>

Baskerville is a beautiful, responsive and retina-ready masonry theme for hoarders. It's the perfect way to showcase your posts, videos, images and galleries, and share your favorite quotes and links. Features responsive design, retina-ready assets, full-width header image, Block Editor support, support for all post formats, custom logo upload, custom widgets for Flickr and Dribbble, four page templates (including a contributors template), editor styling, like functionality via the ZillaLikes plugin and translation-ready code.
