WP Customer Area is a modular all-in-one solution to manage private content with WordPress. Sharing files/pages with
one or multiple users is one of the main feature provided by our easy-to-use plugin. Give it a try!

- Add-ons
- Git repository for contributors
- Issue tracker

Current features

- Secure customer area, accessible to logged-in users
- Private pages, that can be assigned to a particular user and will get listed in its customer area
- Private files, that can be assigned to a particular user and will get listed in its customer area
- Customize the plugin appearance using your own themes and templates

Extensions and themes are now available!

Invoicing, Conversations, Advanced ownership, Projects, and much more!

WP Customer Area is available for free and should cover the needs of most users. If you want to encourage us to actively
maintain it, or if you need a particular feature not included in the basic plugin, you can buy our premium extensions
