

Site Kit by Google

<https://wpdemo.net/demos/plugins/google-site-kit>

Site Kit is the official WordPress plugin from Google for insights about how people find and use your site. Site Kit is the one-stop solution to deploy, manage, and get insights from critical Google tools to make the site successful on the web. It provides authoritative, up-to-date insights from multiple Google products directly on the WordPress dashboard for easy access, all for free.
