

Smash Balloon Social Photo Feed

<https://wpdemo.net/demos/plugins/instagram-feed>

Display Instagram posts from your Instagram accounts, either in the same single feed or in multiple different ones.

Increase Social Engagement – Increase engagement between you and your Instagram followers. Increase your number of followers by displaying your Instagram content directly on your site.

Save Time – Don't have time to update your photos on your site? Save time and increase efficiency by only posting your photos to Instagram and automatically displaying them on your website

Display Your Content Your Way – Customize your Instagram feeds to look exactly the way you want, so that they blend seamlessly into your site or pop out at your visitors!

Keep Your Site Looking Fresh – Automatically push your new Instagram content straight to your site to keep it looking fresh and keeping your audience engaged.

Super simple to set up – Once installed, you can be displaying your Instagram photos within 30 seconds! No confusing steps or Instagram Developer account needed.
