WordPress LMS plugin – LifterLMS is a powerful WordPress LMS plugin for WordPress that makes it easy to create, sell, and protect engaging online courses and training based membership websites. LifterLMS is a complete WordPress LMS plugin, course building and LMS solution that works with any well-coded WordPress theme, modern WordPress blocks, and all the popular WordPress page builders (like Elementor, Beaver Builder, Divi, Gutenberg, etc.). As an engaged WordPress community member, LifterLMS actively encourages and helps other great plugins integrate with LifterLMS like Affiliate WP, Monster Insights, WP Fusion, the most popular form plugins, GamiPress, Astra Pro, the Course Scheduler, and many more. You can also connect your WordPress LMS website to 1,500+ other apps via Zapier. LifterLMS is one of only 11 WordPress plugins listed in the Zapier app directory.

As an innovative self-hosted WordPress LMS platform solution LifterLMS strikes a beautiful balance in being an all-in-one WordPress LMS solution while also integrating with other best of breed technologies relevant to course creators and membership site owners.
