

TNC PDF viewer

<https://wpdemo.net/demos/plugins/pdf-viewer-by-themencode>

TNC PDF viewer provides an excellent solution for showcasing PDF files on your website. Whether you need to embed a PDF viewer directly into your web pages or create a link to open the PDF viewer, this plugin offers a seamless and user-friendly experience.

This plugin allows you to display PDF files on your website with a nice, clean, modern & feature-rich PDF Viewer. It comes with 2 different Themes Midnight Calm and Aqua White.

With TNC PDF viewer, you have the flexibility to embed the PDF viewer directly within your posts or pages. This means that your visitors can view the PDF content without having to download the file or leave your website.

Furthermore, the plugin enables you to create links to the PDF viewer with custom text. This feature allows you to seamlessly integrate the viewer within your content, enhancing the overall user experience. You can place these links strategically within your articles, blog posts, or even on your website's navigation menus, providing easy access to your PDF files.
