Qi Addons for Elementor is a completely FREE library consisting of 60+ custom and fully flexible Elementor widgets developed by Qode Interactive. All elements bundled with this plugin were designed with ease of use and customizability in mind. As with all Qode products, we put special emphasis on design and the aesthetic side of things.

Qi Addons for Elementor provide you with a free, simple, and streamlined way to create your captivating new website with the Elementor Page Builder the way you envisioned it.

THE LARGEST FREE COLLECTION OF ELEMENTOR WIDGETS

Not only do you get one of the largest widget collections for FREE, but every element was designed to let you create a wide range of diverse, beautifully designed sections for your pages without any effort or coding involved.

CUSTOMIZE WITH TOTAL EASE

Qi Addons for Elementor comes with business, infographic, presentational, creative, WooCommerce, typography, SEO, and form style Elementor addons. Each of these can be fully customized in a clear and intuitive manner; and you get to apply all your edits in real time and see the changes on your pages on the fly.

TOP-TIER PERFORMANCE

A superlight toolkit designed using the finest coding practices to ensure quick loading times, smooth configuration, and easy optimization.
