## BLOCKS

Simply Gallery Blocks is a friendly, easy-to-use gallery plugin with a list of advanced options for creating responsive Image, Video, Audio galleries.

## ALBUMS

Combine multiple galleries into one collection and publish it. The gallery from the album will be added to the page using the AJAX request as needed, which will make your page even faster and at the same time as informative as possible.

## LIGHTBOX PLUGIN

Simply Lightbox Plugin easily displays all linked images from a post or page in highly customizable lightbox. Compatible with native WordPress gallery (Block or Classic Editor). Each Post or Page can have a unique lightbox setting.

## UNRIVALED, IN EVERY WAY

The first of its kind, Simply Gallery Blocks offers an unrivaled drag and drop gallery building experience in Gutenberg. Add your images, video or audio files in your choice of photo gallery block, customize display settings, hit publish.

## UNPARALLELED CAPABILITIES

An innovative transform system lets you instantly change your galleries into another form. Go from a fullscreen Masonry gallery to universal Grid or stylish Justified gallery, with just a single click. You won't find another Gutenberg gallery plugin with this kind of capability. Guaranteed.

## HIGHLY RESPONSIVE

Our Gutenberg gallery blocks are second-to-none, featuring full-scale responsive support. And with fine controls for mobile and desktop styles, you can set custom styling for each gallery.
