

Varuna

<https://wpdemo.net/demos/themes/varuna>

Varuna is a child theme for Lalita WPKoi theme. You can find theme demos at wpkoi.com. Varuna has a colorful, retro style and design in the spirit of oldschool websites for portfolio, business or agency content. The theme is multipurpose, so if You like the style, You can use it to represent Your art, business, an event, show Your portfolio, start a blog, start a webshop and sell Your products etc. The demos use Elementor, WooCommerce and Contact Form 7 plugins. The premium demo uses the Varuna premium plugin also. Varuna has an easy to use admin with a lot of customizer functions, so You can build Your dream without coding knowledge. The theme is responsive so looks good on almost every devices. You can setup multiple header styles, navigation styles and layouts. Build You site with Varuna Theme and share it with the world!
