

WooCommerce Admin

<https://wpdemo.net/demos/plugins/woocommerce-admin>

WooCommerce Admin is a new JavaScript-driven interface for managing your store. The plugin includes new and improved reports and a dashboard to monitor key metrics of your site.

New Reports for WooCommerce

WooCommerce Admin has a host of new reports that are optimized for speed and have advanced filters that allow you to dive into data about your store:

- Revenue Report
- Orders Report
- Products Report
- Categories Report
- Coupons Report
- Taxes Report
- Downloads Report
- Stock Report
- Customers Report
