WPForms' contact forms are also highly optimized for web and server performance because we understand the importance of speed when it comes to SEO, marketing, and conversion. We can honestly say that WPForms is one of the fastest WordPress contact form builder plugins in the world.

The WPForms Challenge guides you through creating your first form in under 5 minutes. We walk you through using the form builder all the way to adding a form to a page on your site! WPForms includes integrations for popular page builders like the WordPress Block Editor (Gutenberg), Classic Editor, Elementor, and Divi making the whole process seamless.

WPForms is a 100% mobile responsive contact form solution, so your contact forms will always look great on all devices (mobile, tablet, laptop, and desktop).
